Brushed Nickel BN

Gold G

Brushed Gold BG

### HOW TO ORDER

1. Choose your item.
2. Decide on your finish.
3. Add the finish code to the product code.

#### Example:

CTA015 + BN = CTA015BN

All examples for CTA015 are opposite.

The finishes shown above are only graphic representations, and may differ to the finish on the product.

#### Suggested Water Pressures

LP1 0.1 Bar	HP1 1.0 Bar
LP2 0.2 Bar	HP2 2.0 Bar
MP 0.5 Bar	HP3 3.0 Bar

# Chelmsford

Add some finesse to your bathroom with our new collection of modern brassware.

All the Chelmsford taps and the thermostatic shower are available in eight beautiful finishes.

See page 135 for more details.

## Why choose our showers?

The BC Designs Victrion showers not only look great, but by installing one of our shower valves you can enjoy the following benefits:

### Safety for all the family

Thermostatic control to +/- 2 degrees even if the temperature or incoming pressures fluctuate.

Full thermal protection to prevent scalding even in the event of hot or cold water failure.

In the event of hot or cold water failure, the valve will shut down the water supply.

### Accurate flow control

Excellent flow rates – even at low pressure. Victrion showers can deliver 5.5 ltrs of water per minute at 0.1 bar pressure.

The patented thermostatic cartridge is highly resistant to calcium build-up – even in hard water areas.

### Ease of installation

BC Designs' Victrion thermostatic shower valves, contain a patented cartridge, which makes them simple to install and easy to maintain after installation.

The cartridge is fully reversible, meaning if hot and cold supplies are the wrong way round, it doesn't need re-plumbing. Simply remove the cartridge, turn 180° and replace.

### Guarantee

All chrome brassware has a 5 year guarantee and all other finishes have a 1 year guarantee.

# Wastes & Additions

## BASIN

Plug and chain basin waste  
WAS219 + finish code

Chrome	£28.00
BC/N/BN/CO/BCO	£120.00
