Solid Surface Acrymite®

Each bath is made using reinforced acrylic panels, joined seamlessly for a one-piece look, and because we only cover the join any 'wear and tear' scuffs and marks can be easily removed.

ACRYMITE®

(10) YEAR GUARANTEE

Why choose an Acrymite® bath?

They combine clean, minimal design with a premium, 'one-piece' look.

One piece look

Although double skinned acrylic, our Acrymite® baths have no unsightly join marks for a premium 'one piece' look.

Easy maintenance

A daily wipe using a non-abrasive cleaning agent will keep the surface clean. It is resistant to deterioration and minor damages can be polished or repaired.

Heat retaining

Our Acrymite® baths retain the heat of the room for a comfortable bathing experience.

Guarantees

Acrymite® baths have a ten year guarantee and will retain their original beauty for many years with minimum maintenance required.

A fresh take on a traditional slipper bath.

The sweeping lines and smooth construction creates the ultimate statement in freestanding bath design.
