BEAUTIFULLY CRAFTED

BRITISH CENTREPIECE

DESIGNS

We are the award winning British Bathroom Design company.

The centrepiece of the bathroom is the heart of the home, it is where we go to relax, let the day wash over us and transform into our best selves.

Using the finest materials and exceptional British craftsmanship we create designs of distinction.

Because Beautifully Crafted bathrooms, add a little luxury to the everyday.

These are bespoke British Centrepieces, made for you.

Timeless bathroom products to last a lifetime.

Exceptional British craftsmanship using the finest sourced materials, designed with distinction, and tailored to your needs.

BESPOKE CURATION

Bespoke curation is at the heart of what we do.

Every bathroom is personal and expertly tailored to your individual style.

We want to give you choices, so you can design the centrepiece for your home.

Personalised design choices through luxurious materials, sumptuous hand-painted colours, and custom sizing.

We are always on hand to go the extra mile for you, whatever you may need.

This is bespoke curation, made for you.

1

Our Process

Our in house specialist will key the bath first and then coat it with a water based primer/sealer. Using a roller the bath is then painted with 3 or more coats of the chosen colour.

We use an Exterior Eggshell paint which has a 20% sheen finish.

The paint is durable, eco-friendly and has a breathable finish.

Resistant to flaking, peeling and colour fade for up to 6 years (providing care instructions for the surface are followed).

Water, fungal resistant, washable and wipeable.

The bath will go through several processes, being quality checked all the way so we can ensure a perfect finish.

Please note

Whichever paint you choose it must be available in an Exterior Eggshell finish and fit for purpose. In addition to these paint ranges, we can also paint your bath in a choice of RAL Classic colours or British Standard colours.

We also have a digital scanning service for colour matching. Please contact us to check the suitability on any of the above.

Please allow 20-25 working days for delivery of your painted bath.

Full colour swatches can be ordered directly from the Farrow & Ball, Little Greene or Fenwick & Tilbrook websites. RAL colours also available.

Our painted Boat bath is a bespoke product and we cannot accept liability for colour chosen. It is the customer's responsibility to check the paint before ordering. We are unable to accept returns on this basis.

£788.00

ROLL TOP

At BC Designs we know and love classic design, materials and the value of craftsmanship.

The Classic

Offering timeless designs with a modern flair. Our classic roll top baths can be tailored to your personal style with our bespoke colour service.

With a plethora of designs to choose from, including our popular handcrafted copper and brass boat baths.

A TIMELESS CLASSIC

BC Designs create beautiful roll top baths. Our copper baths are handcrafted using traditional techniques.

They are hand-made and every bathtub is a unique work of art, completely different from one to the next. All of the curves and bends are made with no more than a hammer, an experienced eye and a strong arm.

Variations and undulations will occur during the manufacturing process, which is why each piece is distinctive. Our copper baths add character to a bathroom and you have the option of maintaining its beautiful shine or leaving it to age and weather over time.

We are proud to present a beautiful collection of signature products that are original and unique to BC Designs.

Look out for the icon on the relevant product pages.

CO-ORDINATING BASINS & WASTES

A collection of co-ordinating basins are available to complement your chosen bath design.

See page 46-47.

AFTER CARE & MAINTENANCE

Please refer to the website for details on how to maintain your roll top bath.

bcdesigns.co.uk

Our 'How To' and Maintenance videos can also be found on our dedicated YouTube Channel.
youtube.com/@bcdesigns1555

CLASSIC ROLL TOP

Why choose a Copper Bath?

Heat Retention

Copper baths retain the heat of your water for much longer than acrylic versions. The temperature is much better than an acrylic bath meaning that you can have a longer soak without topping up your tub!

Hygiene

A little-known fact that few homeowners are aware of is that copper is actually a super metal when it comes to killing germs. While most viruses can last for days on steel and glass, they are killed within hours or sometimes minutes on copper! The same applies to Brass as well!

So, for those deciding on a bathroom renovation, copper baths and basins not only look stunning and bring a touch of luxury to a bathroom project but they also provide a really important function in helping the room to stay germ free.

Finish Options

Our Copper range is incredibly versatile and we have expanded our range to include Antique, Verdigris and Patinata alongside Nickel & Tin.

ROLL TOP BATH FINISHES

Finishes are dependant on the Bath Design.

Please note

Copper is a 'living finish' and will patina over time, Copper baths and basins will need preserving to maintain the finish, so bear this in mind before ordering. Our copper baths are made from 99.5%+ 15-18 gauge pure copper.

Overflow & drilling

BC Designs Copper Baths are supplied without overflow. If an overflow is required they can be drilled on site. We can advise on how to do this and supply an exposed waste to suit. Contact us for more information.

Waste supplied separately.

All dimensions are approximate due to manufacturing tolerances.

Copper is a 'living finish' and will patina over time, Copper baths and basins will need preserving to maintain the finish, so bear this in mind before ordering.

Our copper baths are made from 99.5%+ 15-18 gauge pure copper.

Acrylic can be maintained using a mild cleaner and warm water.

Overflow & drilling

BC Designs Copper Baths are supplied without overflow. If an overflow is required they can be drilled on site. We can advise on how to do this and supply an exposed waste to suit. Contact us for more information.

Waste supplied separately.

All dimensions are approximate due to manufacturing tolerances.

With a pure white interior, that contrasts beautifully against the warm patina of the copper exterior.

Copper/Nickel Slipper Bath

Our copper slipper baths are made in the traditional hand crafted manner used for centuries, and therefore there will be gentle undulations and some colour variation in the finish so every bath is unique to you.

Copper Baths are excellent heat conductors and will maintain the water temperature much longer than cast iron versions.

Please note

Each aluminium plinth is individually hand polished to bring the natural material up to shine. Due to the nature of the material there will be slight imperfections and some pinholes in the plinths which make them unique and add to the character of the bath.

This bath is Polished White, but can be painted to order.

Waste supplied separately.

All dimensions are approximate due to manufacturing tolerances.

*The concealed waste overflow pipe is visible on the outside of this bath.

PAINTED FOR YOU

Add a Z at the end of the product code to have this bath painted. See page 8 for details.

Our exclusive Cian® material is a first in its class and is manufactured from the highest quality raw materials.

CIAN® CAST 2

(10) YEAR GUARANTEE

Cian® Solid Surface

It is highly durable, stain resistant, non-porous, scratch resistant and retains heat for the perfect long soak.

Due to its unique properties it allows BC Designs to create classic as well as cutting edge shapes that are wonderful to bathe in.

THE PERFECT CAST

Why choose a Cian® Cast Bath?

ColourKast

Fancy a bit of colour? Something different? Our unique range of ColourKast shades are now available to order on most of our Cian® bath designs - choose from eight distinctive colours. Any ColourKast baths and basins are made to order and have a 15 week lead time.

Durability

Cian® Solid Surfacing will withstand the rigours of everyday exposure.

Overflow

Many of our Cian® baths are available with overflows. Please always check the specifications before ordering.

Non-porous

Unaffected by fluctuating moisture ingressions and humidity, Cian® Solid Surfacing is for all practical purposes. 100% non-porous.

Polished finish

Our material does not have a deceptive gel coat and is hand polished for a luxurious shiny finish. A few of our models are also available in a Silk Matt finish.

Thermal shock

Cian® Solid Surfacing complies with Din 198 thermal shock standards and can be placed on heated floors.

Made in South Africa

All of our Cian® solid surface baths are manufactured in our exclusive factory in Cape Town, South Africa. We use the best and most meticulous techniques to create a material that is free from imperfections and polished to a premium finish.

Easy maintenance

A daily wipe using a non-abrasive cleaning agent will keep the surface clean. It is resistant to deterioration and minor damages can be polished or repaired.

CIAN® SOLID SURFACE

CO-ORDINATING BASINS & WASTES

A range of co-ordinating Cian® Cast basins are available to complement your chosen bath or furniture design.

Light Fawn F

Pale Peach PP

Rose Bloom RB

Aqua Blue AB

Minty Green MG

White

Silk Matt and/or Polished
Available on all designs.

Marble

Available on
Bampton & Kury only.

HOW TO ORDER COLOURKAST

Most Cian® Cast baths can be ordered in ColourKast – and at the same price as White!

Simply state your bath's product code and add your finish to the end to order.

For example:

Vive Bath in Industrial Grey
BAB064 + IG = BAB064IG

Please note

Please bear in mind that darker colours are more likely to show up marks and imperfections.

Matching ColourKast wastes can be ordered to suit – as well as various plated finishes.

All ColourKast baths and basins are manufactured in a Silk Matt finish only.

While we endeavour to hold stock of most baths please allow up to 15 weeks for delivery for some models. Check with us which baths we have in stock before ordering.

For samples please contact:
sales@bcdesigns.co.uk

Please note

When a trap is fitted to this bath, it will protrude below the floor level. Therefore, a small floor recess will have to be made under the bath to allow for that.

No overflow

The Casini does not have an overflow.

**For Installation without overflow.

The Omnia's special rim allows a crisp edge for painting, which means that we can now offer bespoke painting on a Cian® bath for the first time. Choose your paint colour to match your decor and our workshop will do the rest.

Please note

The provenance of this product is reproducing the authentic look of early 20th century manufacturing. There will be slight undulations and blemishes in the finish and these should be viewed in this light.

Our marble finish bath is unique, and every bath will be different based on the manufacturing process involved to achieve a marble finish effect. All veins and colours used to achieve the finish may be lighter or darker and more bold in certain areas of the bath. This makes each piece unique.

**Please note that the Silk Matt White version comes with a slot overflow and is compatible with the WAS107MW waste only.

All prices include VAT.

Inspired by the
Fireclay baths of the
early 20th Century.

PAINTED FOR YOU

Add an S at the end of the product code to have this bath painted. Available on White Baths only. See page 8 for details.

Bath Painted
£788.00

Please note

The provenance of this product is reproducing the authentic look of early 20th century manufacturing. There will be slight undulations and blemishes in the finish and these should be viewed in this light. It is not possible to fit an overflow filler to this bath. The senator bath is available with or without feet.

Designed with a perfect silhouette, and classic simplicity.

PAINTED FOR YOU

Add an S at the end of the product code to have this bath painted. Available on White Baths only. See page 8 for details.

Bath Painted
£788.00

Please note

There is a limited void under this bath, therefore the trap and waste will need to be installed under floor level. If this is not possible there is a separate plinth available to raise the level of the bath. The plinth and bath must be ordered together as they are individually matched in our workshop.

This bath has an overflow built into the side. It is not therefore possible to fit an overflow filler to this bath.

Our marble finish bath is unique, and every bath will be different based on the manufacturing process involved to achieve a marble finish effect. All veins and colours used to achieve the finish may be lighter or darker and more bold in certain areas of the bath. This makes each piece unique.

**Plinth only available in polished white.

ACRYMITE®

10 YEAR GUARANTEE

We are original, and by following our own path, we ensure every bathroom expresses understated luxury and personalised design.

Feel your real self with a timeless bathroom that never goes out of style. These are bold classics, made for you.

Why choose an Acrymite® bath?

One piece look

Although double skinned acrylic, our Acrymite® baths have no unsightly join marks for a premium 'one piece' look.

Easy maintenance

A daily wipe using a non-abrasive cleaning agent will keep the surface clean. It is resistant to deterioration and minor damages can be polished or repaired.

Heat retaining

Our Acrymite® baths retain the heat of the room for a comfortable bathing experience.

Guarantees

Acrymite® baths have a ten year guarantee and will retain their original beauty for many years with minimum maintenance required.

A statement of artistry and refinement, the Sculptura bath boasts an inspirational exterior. The abstract design also provides a deep bathing space, for the ultimate in relaxation.

Bathrooms of Distinction
DEFINED BY LEGACY

THERE ARE NAMES THAT CARRY
WEIGHT, NOT THROUGH VOLUME,
BUT THROUGH LEGACY.

BC SANITAN IS ONE SUCH NAME
— QUIETLY WOVEN INTO THE
FABRIC OF BRITAIN'S MOST
DISTINGUISHED INTERIORS
FOR GENERATIONS.

Versatile Design

The BC Sanitan collection of traditional ceramics and kitchen sinks, is thoughtfully designed to bring timeless elegance and lasting quality to your home.

Featuring finely crafted pieces that combine heritage-inspired design with exceptional functionality for today's kitchens and bathrooms.

CERAMICS

BC Sanitan offers a curated collection of ceramics and kitchen sinks, in traditional designs, which are perfectly crafted for you.

WHY CHOOSE BC SANITAN SHOWERS?

The BC Sanitan showers not only look great, but by installing one of our shower valves you can enjoy the following benefits:

Safety for all the family

Thermostatic control to +/- 2 degrees even if the temperature or incoming pressures fluctuate.

Full thermal protection to prevent scalding even in the event of hot or cold water failure.

In the event of hot or cold water failure, the valve will shut down the water supply.

Accurate flow control

Excellent flow rates – even at low pressure. Showers can deliver 5.5 ltrs of water per minute at 0.1 bar pressure.

The patented thermostatic cartridge is highly resistant to calcium build-up – even in hard water areas.

Ease of installation

BC Sanitan thermostatic shower valves, contain a patented cartridge, which makes them simple to install and easy to maintain after installation.

The cartridge is fully reversible, meaning if hot and cold supplies are the wrong way round, it doesn't need re-plumbing. Simply remove the cartridge, turn 180° and replace.

Guarantee

All chrome brassware has a 5 year guarantee, brushed brass and brushed pewter have 3 year guarantee, and all other finishes have a 1 year guarantee.

WASTES & ADDITIONS

Disclaimer

As a continually evolving company, we reserve the right to change product specifications without prior notice. Prices are valid on orders placed from 1st February 2026. This issue supersedes all previous editions. Under current world market conditions, costs can be extremely volatile and we reserve the right to review prices at any time prior to delivery. All prices are inclusive of VAT. Colours represented in this brochure are as accurate as the printing process allows. Please see our website for a copy of the latest terms & conditions.
